PROFESSIONAL PROFILE

Robin Liebal is Vice President of HDH Associates, P.C. and President of HDH Technical, Inc. Her considerable knowledge and experience in the asbestos, lead and indoor air quality industries is invaluable to this organization. Robin's duties include performing survey and monitoring services, as well as project designs and developing management plans. Ms. Liebal has performed hazard awareness training for client personnel prior to and during abatement projects. Ms. Liebal has assisted in training workers in the field of Project Monitoring and Project Design writing. In addition, she has been largely responsible for the coordination and administration of all major environmental projects, overseeing an in-house staff of up to 12 technicians and support personnel. Her supervisory and organizational abilities have brought a multitude of projects statewide, totaling over \$15,000,000.00 in construction costs, to successful conclusion, delivered on time and within project budgets.
